

ABOUT

PROFILE:

Adriana is a **full-stack web developer** based in Austin, Texas. Her academic and performance **background in classical music** makes her a disciplined, precise, and creative asset to any team. She earned a **certificate from the Coding Bootcamp at UT-Austin**. Recently, Adriana **crafted a well-styled front-end** for a local business's web application **that integrated seamlessly with the backend** and created the business's marketing approach. Aside from design, she is **passionate about inclusivity, diversity, and giving back to her community**. Adriana is excited to build and design web applications that are **intuitive, modular, and accessible**.
